

April 2010

OPEN NIGHT took place on 23rd March and approximately 80 visitors came through the building at one point or other during the night. Quite a few left their contact details for further information and there were a number of serious enquiries on the night, with some applications as a result.

The evening presentation was given by Pastor Edwin Ewart (Principal Designate) and Dr Ken Scott (Post-graduate tutor) with the enthusiastic support of two students. Robert Millar (Antrim) a second year student spoke of the value of the Preparation for Ministry course. Eric Chambers (Coleraine), studying the MA in theology part-time, outlined how this period of study had been helpful to him. All in all an encouraging and very enjoyable evening.

NEW LIBRARY: the construction work continues apace with the piling and foundations

now completed. The central steel framework and floor has been installed and the block work for the walls has started (not in the photo). There has been little or no disruption to the college timetable so continue to pray for suitable weather and for all to be completed on time, for September.

PLEASE CONTINUE TO PRAY for 16 new full-time students for the September 2010 intake and also a good intake for the night classes and the Thursday morning Ladies' Study Fellowship.

THE PRINCIPAL, HAMILTON MOORE, had a busy time recently teaching for a few weeks in Emmanuel Christian University, Oradea, Romania. He visited a former student, Alexandru Szeredai, travelling by train, and was also interviewed on a local radio station. His next visit is in May.
