

Evangelism Week (21st - 27th Oct. 2018)

Great Victoria Street

Our team was involved in a wide range of evangelistic activities such as the youth club on Saturday night, primary and secondary schools work, door to door and a Forensic event with special evangelistic focus for the students.

We were encouraged and blessed by sharing fellowship with a church who are earnestly seeking to reach out into their community. Teaching R.E. in Fane Street Primary whilst following the curriculum was challenging but enjoyable. Another real highlight was going to Malone College where we quizzed the kids on what the Baptist church believes.

While we were on the doors in Sandy Row and Donegal Pass we invited people in the community to the church on Sunday evening. It was a fitting conclusion to the week to meet together with the church for this special event.

Limavady

Upon arrival at Limavady Baptist there was a late-night outreach in the town to those leaving the bars and clubs. The church provided tea, coffee and soup along with flip flops for the girls in high heels. Many expressed their appreciation and there were plenty of opportunities for sharing the gospel.

Chris and Benji shared God's word on Sunday morning and evening respectively, with Richard leading the Bible study. The whole team took part in leading the meetings with music, prayer, children's talk, Sunday school and times of testimony. Throughout the rest of the week we were also involved in various children's and youth work. It was also a blessing to visit three nursing homes and a drop-in centre. Other events included open-air ministry and a number of home visits, which we pray God will bless.

Pastor Alan Hoey led an encouraging Bible study with the team each morning and we had the opportunity to question Pastor Alan and Norman (Elder) about being in the ministry, and to draw upon their experience over the years.

Shankill Community Fellowship

We began the week of evangelism by taking the Sunday service, followed by a fellowship lunch where we got to know everyone a little bit better. That evening Sam led the youth bible study.

SCF's 'Drop In' is a great time to invite the surrounding community to make links with the church. We organised activities and shared testimonies. Lewis and Grace also took a local school assembly and Andrew spoke at the bible study.

Some other highlights from the week were the ladies evening, men's pool tournament, door to door and being able to put God's word in peoples' hands. We finished the week on a high with Jurriën sharing the gospel at the 'One Way' kids club.

Tralee (Co. Kerry)

There were over eighty people in attendance in Tralee Baptist Church on the Sunday morning with many different nations represented. On Sunday evening, it was a joy to see how enthusiastic the young folk were to engage with God's word.

During the week the team were involved in various tasks, including Bible studies and the ladies fellowship. We also distributed literature and helped at the weekly Bible Study in the Killarney church.

The team members were blessed by being a part of the vibrant and loving community in Tralee, and were challenged by the long-term commitment of John and Amanda Herrick who have served the Lord there for many years.

Upney (London)

Evangelism week in Upney Baptist London gave an insight into church life in an inner-city context, with the focus on community outreach. The team were involved in the services on Sunday and got to know people at a church dinner.

Monday and Tuesday were spent doing door to door in an estate and visiting a local market and station, spreading publicity on the church and inviting people to the family night. On Monday night some of the team met a Muslim man for dinner and were able to chat about God and share the gospel with him. On Tuesday evening we went to house groups and on Wednesday night the team organised a family night with games and testimony. An encouraging number of people attended from within and outside of the church. It was a fun evening and ended a great stay in Upney.

Thank you to each church for their invitation to a team and for their generous hospitality to the students during the week. Please pray for the on-going work in each area.
