## Recognition Service

At the May Graduation Service it was announced that the third year students were awaiting confirmation of their degree classifications, from the University of Chester. We are now delighted to report that they were all successful in their Bachelor of Divinity or Bachelor of Theology studies ... eleven students were awarded upper second class, and seven students achieved lower second class. One student was awarded the Graduate Diploma in Theology.

This photograph was taken at the recent recognition service where they celebrated their success with family, friends and faculty.

We offer our sincere congratulations to all these students and wish them God's blessing in their future work for Him.
